Jonathan K. Whitmer
Department of Chemical and Biomolecular Engineering
University of Notre Dame

Dear Jonathan:

On behalf of Notre Dame International, I am pleased to inform you that the **Mexico City Global Center Collaboration Grant** Faculty Review Committee has approved funding for your proposal “PODEMOS: Promotion of Discourse through Engineering Materials Opportunities for Students.” The award you are receiving recognizes the impressive quality of your proposal and the potential it has in contributing to Notre Dame’s international research standing.

The amount of your award is \$20,000.00. Notre Dame International will establish a separate fund for your award and will provide you with access to this fund for budgeting and monitoring purposes. All transactions, expense reimbursements and journal entries are to be reviewed and approved through your normal departmental processes. The funds will be available from 7/1/2017 through 6/30/2018. If your project requires more time, please contact me to extend the dates of the award.

By accepting the award, you agree to:

- Submit a final report no later than one month after the end date of the award. The report should include:
 - A summary of the activities funded by the award and significant results achieved
 - Any publications or manuscripts resulting from the award
- Submit brief updates (and pictures, if applicable) of any development related to the grant funding that is newsworthy (e.g. conference, launch of new program)

If you have any questions regarding the Mexico City Global Center or this award, please don’t hesitate to contact me at wvonesch@nd.edu. For all questions regarding the disbursement of funds please contact Nancy Horvath at Nancy.E.Horvath.23@nd.edu.

Congratulations on your award! We look forward to hearing how your project develops and how it engages new international collaborators.

Sincerely,

Warren J. von Eschenbach, PhD

Associate Vice President and Assistant Provost for Internationalization

Chair of the Mexico City Global Center Collaboration Grant Faculty Review Committee
